

# BRISTOL POINT DINING

## TRANSITIONAL

The perfect style for today's customer who prefers solid wood and appreciates a beautiful transitional look, Bristol Point is available in two finishes and a variety of table and chair options. In our Oak/Espresso finish, both the table and chairs have slight distressing that adds personality to its unique color combination of sleek dark brown and a warm, slightly red-hued oak. For a perfect modern neutral, choose the Warm Gray, a deep gray finish with slight brown undertones.

Our unique "Vers-A-Table" is designed to fit compactly for everyday use and conveniently expands through self-storing leaves to seat a party of twelve!
